TWO YEAR'S POST GRADUATE COURSE (P.G. HOM.) ON CONSTITUTIONAL PRESCRIBING AND WHAT TO DO WHEN THE WELL SELECTED REMEDY FAILS WITH EMPHASISON DRUG DEPENDENT CASES

This practical teaching is aimed to give you the confidence to show your patients that homoeopathy is working within 1st or 2nd follow-up.

**(THIS PROGRAMME IS MODULAR; PARTICIPANT CAN JOIN
FROM ANY SESSION AND COMPLETE IN 2 YEARS OR LESS)**

Allen College of Homoeopathy is offering a *well structured TWO YEAR POST GRADUATE PROGRAMME IN CHELMSFORD* (35 minutes by train from London), under the direct supervision and teaching of **Dr. Subrata K. Banerjea**, the successful Clinician & internationally respected teacher of Miasms & Comparative Materia Medica, who has descended his "homoeopathic blood" from over 106 years of his ancestral homoeopaths.

1. THE PROGRAMME: Two-year programme based on well-structured curriculum developed by Dr. Banerjea, a result of his long 30+ years experience in teaching Homoeopathy. The programme will encompass the *Miasmatic Approach of Prescribing, Clinical, Comparative & Therapeutic Materia Medica* and guidance to incorporate Hahnemann's *Organon* and *Philosophies in Clinical Prescribing*. This programme is already running for last 26+ years and has had participants from 36 countries.

We teach how to deal with Drug dependent cases:
detailed methodology will be discussed with case studies.

3 major Aim of the Programme:

I. Do not get confused by different methodologies. Believe in 200+ years of a clear approach to prescribing including miasms, totality & essence with sound knowledge in Materia Medica. A practical method which gives your patient confidence in homoeopathy.

II. Demonstration of Simple homoeopathy, which works. Takes you back to the basics with solid foundation of Clinical, Comparative and Behavioural Materia Medica.

III. Homoeopathy can work quickly. Re-visit the action of century old lesser known Organopathic medicines like Helonius, Tanacetum, Verbena in Depression; Amyl Nit., Epiphegus, Melilotus, Onosmodium, Usnea for Migraine and wean off the conventional chemicals in accordance with aphorism §91 of Organon and thereby giving confidence to the patient that (a) yes, I can control the dosage and may take fewer chemicals; (b) there are alternatives to manage my condition and (c) homoeopathy is working for me!

The prime emphasis is on Polychrests and Constitutional Prescribing but lesser known organopathic medicines will be discussed extensively. How to open drug dependent cases and ascertain a clearer picture for the constitutional medicine.

In today's drug dependent world, it is very difficult to get a clear picture of the disease, as Hahnemann mentioned in aphorism 173 (One sided diseases).

Dr. Banerjea has extensively used either deep acting anti-miasmatic medicines or lesser known organopathic medicines to open such cases and when the totality is clearer, prescribe a polychrest or constitutional medicine.

So please prepare the patient for receiving the polychrest (PPPP)!

Thus throughout the programme emphasis will be given in Practical Prescribing Techniques in today's pharmaceutical drug dependent cases or so called blocked cases.

A Repertory of the Lesser Known medicines will also be provided for your quick remedy diagnosis!

The "Modern Classical Prescribing" an article in our website (details at: <https://allencollege.co.uk/resource/practical-approach-classical-prescribing>) has been specifically designed to use homoeopathic medicines in drug dependant cases.

In aphorism §91 of Organon, Hahnemann clearly mentions about prescribing for natural disease and not for conjoint disease (where the drug induced artificial chronic disease is super-imposed on natural disease and patient cannot give us a clear picture e.g. modalities, sensation or characters of pain etc.).

This practical approach for present drug dependant world is aimed to give you and your patient the confidence that homoeopathy is working within 1st or 2nd follow-up. Also through gradual weaning off the conventional medication, patient becomes free from side effects of chemicals and develop trust on you and your prescribing!

“My years of experience, understanding and reading of Homoeopathic literatures, have brought me to the conclusion that the totality of the following six methodologies will enable the prescriber to reach the “Similimum” efficiently and quickly:

I) Emphasis on Aetiologies (search for physical and emotional aetiologies, past history of disease, conventional medication and/or vaccination: **Never Been Well Since**).

II) Totality of Physical Symptoms (with special emphasis on modalities and sensations).

III) Emotional Symptoms (with emphasis on personality profile and the nature of the person).

IV) Behaviour, Gesture, Posture, Hobbies (how the person speaks, behaves during the consultation, his nature, inquisitiveness, repetitiveness, abusive tendencies etc.).

V) Miasmatic Totality (diagnosing the surface miasm, please refer to Subrata’s book “Miasmatic Prescribing” for quick miasmatic diagnosis).

VI) Homoeopathic Generalities: (a) Thermal reactions, (b) Food preferences and appetite, (c) Thirst, (d) Sleep and dream, (e) General eliminations, (f) Diathesis or tendencies & (g) Allergies.”

Subrata’s experience, “the Totality or a combination of any three of the above methodologies can get you to the Similimum”. (Subrata)

This is a time tested, repeatedly verified, scientific, classical, simple and practical approach which has been practiced for centuries by Master Homoeopaths including Drs. Kent, Hering, Lippe, Tyler, Nash, etc.

The medicine pictures (Materia Medica) will be presented in a synopsis hexagonal approach, which will enable the prescriber to understand the keywords of the medicine (e.g. 'Retention' for Natrum Mur.; 'Anchor' for Pulsatilla; 'Principle' for Kali Carb; ' Unfulfilled' for Tuberculinum etc.)

[Please view:- <https://allencollege.co.uk/medicines-and-books/>]
on which major emphasis should be given for prescribing.

Medicines of Homoeopathic Materia Medica are presented through personality profile pictures for everlasting impression.

Visit: <https://allencollege.co.uk/medicines-and-books/>

The unique aspects of this methodology of M-TEK:

(Miasm (50% emphasis) + [Totality, Essence + Keynotes] (50% emphasis), which is the classical and practical prescribing approach in this drug dependant world, is shown by the benefits which are as follows:-

- 1) Time tested;**
- 2) Scientific;**
- 3) Methodical and logical;**
- 4) Founded on solid principles; and**
- 5) Simple Homoeopathy, non confusing.**

The **Therapeutic approach** of the programme does not intend to relate that the Homoeopathic prescription should be made on the basis of the name of the disease, but on the basis of strictest individualisation, through aforementioned six methodologies. The patient comes to us and says the name of the disease that s/he has been told by her / his physician; the therapeutic classification of medicine is just the way forward to handle the diseases of the modern world, quickly and efficiently, especially in drug dependent cases, opening with lesser known medicines, which will be discussed during the course, in detail. Through therapeutic way, Dr. Banerjea encourages to think of a group of 8 – 10 medicines as a starting point and do comparative evaluation considering the abovementioned methodologies to reach the similimum. Of course many times A – Z, any medicine can be considered according to the totality.

This is a course which will meet all your Continuing Professional Development Plan needs and is open for graduates from all Homoeopathic Colleges as well as experienced practitioners. In the past, we had practitioners from 36 different countries with 15 to 20 years experience. As it is a modular programme, so interested homoeopaths can join from any module and complete the course in following years.

We teach time tested, scientific, the non-confusing classical method, the “Simple Homoeopathy”, founded on solid principles.

2. HOW WOULD YOU BENEFIT:

- Sound knowledge & consolidation in Materia Medica.
- Essence of each medicine is presented in a synopsis so you can grasp a remedy picture through a few words only.
- Personification & pictorial representation of drug pictures.
- Homoeopathic therapeutics & lesser known medicines for drug dependent & one-sided cases.
- Repertory of lesser known & miasms.
- Meets your continued professional development plan.
- Extensive lecture notes are provided.

Our heritage spans over 30 years and enjoys a world-renowned reputation for the highest level of teaching.

3. WHY THIS COURSE IS DIFFERENT:

- The course relates to simple, century old, traditional homoeopathy and will demonstrate it works.
- The course will develop your Materia Medica and help you to grasp the “remedy pictures” through a few key expressions to become a confident prescriber with the time tested, scientific approach of combining miasm, totality & essence with sound knowledge of the Materia Medica. The course guaranties confidence in Materica Medica.
- The course will teach you methodologies to open drug dependant cases and ascertain a clearer picture for the constitutional medicines.
- The course will develop your Miasmatic Prescribing.
- The course will develop your Comparative Materia Medica (extensive remedy comparisons).
- The course will develop how to spot the medicine. Look and diagnose through gesture, posture and behavioural Materia Medica.
- The course will give you the methodologies for Organopathic support and lesser known medicines for asthma, hypertension, arthritis, etc. group of symptoms.
- The course will develop your acute prescribing through Subrata's extensive fast slum prescribing techniques (*Calcutta comes to Chelmsford*).

- The course will give you a practical methodology for this present drug dependant world. This approach(<https://allencollege.co.uk/resource/practical-approach-classical-prescribing>) is aimed to give you and your patient the confidence that homoeopathy is working within 1st or 2nd follow-up.

Learn how to implement Miasm in your prescription for an effective outcome.

4. SUBJECTS TO BE COVERED:

SESSION-1:

DAY-1:

(A) MODERN CLASSICAL PRESCRIBING:

How to perceive uncontaminated picture of the natural disease according to aphorism §91 of Hahnemann's Organon, in this drug dependant world through gradual weaning off conventional chemicals with Homoeopathic Organopathic Medicines: Modern Classical Miasmatic Prescribing for drug dependant & non-drug dependant cases:

Practical Approach - Classical Prescribing: Single-Simple-Minimum

a) Non-suppressed cases: cases with clarity of symptom.

b) Contaminated drug dependent cases: without clarity of symptoms

(B) CASE TAKING & EVALUATION OF SYMPTOMS:

Classical Methodology for Case Taking & Case Analysis with emphasis on Miasmatic Diagnosis for each and every case.

DAY-2:

MIASMATIC INTERPRETATION IN CHRONIC PRESCRIBING:

a) Introduction To Miasms:

- (i) Miasm: Dr. Banerjea's Definition;
- (ii) Miasm: Dr. Banerjea's Ten Principles;

b) Miasmatic Philosophy & It's Utility:

- (i) The Utility and Incorporation of Miasm in Prescribing;
- (ii) Modes of suppressions;
- (iii) Uncovering the layers;
- (iv) Classical Miasmatic Prescribing;
- (v) Why should we know Miasm ?
- (vi) Key words and Criterias;
- (vii) Miasmatic Interpretation in Chronic Prescribing;
- (viii) The Scientific basis of the Miasm Theory;

c) Miasmatic Classification: Comparison of Characteristics:

A Synopsis:

- (i) General manifestations;
- (ii) General nature of the Miasm;
- (iii) Key Words & Expressions;
- (iv) Diathesis & Miasmatic interpretation;
- (v) Pace Of Action;
- (vi) Psychic manifestations;
- (vii) Head to Foot Miasmatic Analysis: (a) Hair, (b) Nose, (c) Mouth, (d) Heart & Pulse, (e) Abdomen, (f) Stool, (g) Skin, (h) Nails, (i) Pains, (j) Desires & Aversions;

d) Miasmatic Repertory;

e) Miasmatic Weightage of Medicines;

f) Miasmatic Interpretation in Prescribing;

g) Two similar personalities but dissimilar in miasmatics;

SESSION-2:

PAEDIATRICS INCLUDING NEONATOLOGY. LOOK & DIAGNOSE THE BABY:

Homoeopathic clinical therapeutics with miasmatics and comparative Materia Medica including tips on Paediatric case taking; Look & Diagnose the baby : remedy diagnosis by gesture, posture, appearance etc. **Homoeopathic vaccination schedule** with clinical experience of vaccination (as practised in slums of Calcutta).

This session will also include :

- a) Paediatric Case Taking;
- b) Comparative & Clinical Materia Medica of leading medicines indicated in Paediatric Disorders;
- c) Gestural & Postural Materia Medica;
- d) Miasmatic Spotting : 'Miasm – Diagnosis';
- e) Homoeopathic Prophylaxis;
- f) Homoeopathic Vaccination Schedule as Practiced by Bengal Allen Medical Institute at its Slum-Clinic at Calcutta (India);
- g) Paediatric Cryings : Kids Cry : Hear & Spot The Remedy : Supported with Audio-effect;
- h) Post Birth : Complications;
- i) Enuresis; Worms & Colic;
- j) The scope of Homoeopathy in Attention Deficit Hyperactive Disorders (A.D.H.D.). Autism and learning disabilities with special emphasis on Homoeopathic understanding of the uncommon characters in these bizarre behaviours;
- k) Comparative Materia Medica of the Medicines of A.D.H.D. (Hyperactive disorders);
- l) Children Eczema;
- m) Influenza;
- n) Stammering : Top Nine medicines;
- o) NBWS (Never Been Well Since Syndromes in Children);
- p) Differentials of Delayed Mile Stones;
- q) Cold;
- r) Carrying--spot the baby in the lap!
- s) Gesture & Posture : Body Language of medicines;
- t) Repertory of the lesser known medicines used in Paediatric Disorders medicines.

SESSION-3:

NEUROLOGY WITH EMPHASIS ON GAIT, BODY LANGUAGE:

Homoeopathic clinical therapeutics with miasmatics and comparative Materia Medica of leading medicines indicated in Neurological disorders including terminal dementia problems.

This session will also include :

- a) Alzheimer's Disease: homoeopathic approach;
- b) Insomnia;
- c) Migraine;
- d) Multiple Sclerosis & De-Myelinating Disorders & their homoeopathic approach;
- e) Neuralgias;
- f) Neurasthenia & Brain Fag;
- g) Parkinson's Syndrome;
- h) Sciatica;
- i) Tic Douloureux etc.;
- j) Repertory of the lesser known medicines used in Neurological Disorders;

Learn Materia Medica through comparison-
the Comparative Materia Medica.

SESSION-4:

DAY-1:

UROLOGY, URO-GENITAL (MALE) DISORDERS & HOMOEOPATHY:

Homoeopathic clinical therapeutics with miasmatics and comparative Materia Medica of **Urological disorders**;

This session will include :

- a) Miasmatic interpretation of Urological Disorders;
- b) Cystitis: Acute Prescribing & Comparative (tabulated) Materia Medica for quick prescribing tips;
- c) Homoeopathic Diuretics;
- d) Dysuria & Renal Colic;
- e) Dysuria : Leading lesser knowns;
- f) Urinary : Ancestral Tips; P.Q.R.S;
- g) Urinary : Clinical and Comparative Materia Medica;
- h) Urology : Clinical Case Discussion;
- i) Uro-Genital : Prostate Hypertrophy : Lesser Known Trios;
- j) Uro-Genital : Priapism, Spermatorrhoea : Lesser Knowns;
- k) Uro-Genital : Few Interesting Medical Terminologies;
- l) Repertory of the lesser known medicines used in Urological Disorders;

DAY-2:

THERAPEUTICS OF THE LESSER KNOWN MEDICINES INCLUDING SCOPE OF ORGANOPATHIC MEDICINES IN THIS DRUG – DEPENDANT WORLD:

Discussion of “lesser known small medicines” with '*Banerjea family's ancestral tips*' to understand the essence and “key-string” of the medicine e.g. homoeopathic astringents; homoeopathic anti-hypertensives; homoeopathic anti-pyrexia etc.

- a) Organopathic Medicines: through which you can handle Drug Dependant Cases and gradually wean off conventional medicines;
- b) Leading homoeopathic Anti-Hypertensive: Comparative Materia Medica;
- c) Leading Homoeopathic Broncho-Dilators: Comparative Materia Medica;

- d) Scope of using Mother Tinctures;
- e) Mother Tinctures: Materia Medica & Therapeutic Utility: Commonly used 40 Medicines;
- f) Repertory of the Common Medicines can be used in tincture;

SESSION-5:

RHEUMATOLOGY & HOMOEOPATHIC APPROACH IN DRUG DEPENDENT CASES, ESPECIALLY WHEN WELL SELECTED CONSTITUTIONAL REMEDY FAILS:

Homoeopathic clinical therapeutics with miasmatics and comparative Materia Medica of **Rheumatology** including lesser known medicines. Homeopathic approach in steroid etc. dependent cases with extensive case reference from Dr. Banerjea's wide experience of handling gross pathologies in India and also here in the U.K with audio-visual presentation of improved cases.

This session will also include :

- a) Cervical Spondylosis : Cervical Spondylosis : Pain Neck Syndrome;
- b) Backache : Lumbar Spondylosis;
- c) Gout;
- d) Osteoarthritis & Rheumatism: polychrests and lesser knowns;
- e) Back-ache : Clinical Tips;
- f) Ten leading rheumatic polychrests: Comparative Materia Medica for understanding the similarities & dissimilarities;
- g) Gradual weaning off in Drug Dependent Cases;
- h) Repertory of the lesser known medicines used in Rheumatological Disorders;

SESSION-6:

(a) GYNAECOLOGY & OBSTETRICS, AND (b) SCOPE OF MOTHER TINCTURES OF HOMOEOPATHIC INDIAN ESPECIALLY HIMALAYAN HERBS:

Homoeopathic clinical therapeutics with miasmatics and comparative Materia Medica of Gynaecological disorders and clinical approach of different common gynaecological disorders.

This session will also include :

- a) Menstrual disorders;
- b) Leucorrhoea/Feminine discharges;
- c) Amenorrhoea;
- d) Ancestral tips on medicines of common gynaecological disorders;
- e) Women's Neoplastic Disorders (Breast and Uterine tumours);
- f) Pregnancy: is it the best time for homoeopathic treatment?
- g) Obstetrical disorders;
- h) Homoeopathy in pregnancy & labour;
- i) Neo-natal Care;
- j) Menopausal syndrome;
- k) Repertory of the lesser knowns of medicines used in Gynaecological disorders;
- l) Scope of mother tinctures of Indian Drugs;
- m) Repertory of the Indian Drugs used in Tincture;

Allen College provides comprehensive course notes to accompany each lecture.

SESSION-7:

ACUTE PRESCRIBING, KEY POINTS FOR REMEDY COMPARISONS:

- a) Fast prescribing technique;
- b) Cough & Cold: Comparative Materia Medica;
- c) Conjunctivitis;
- d) Cataract;
- e) Fever;
- f) Hay Fever: how to handle acute phase with organopathic medicines and miasmatics of latent stage with chronic anti-miasmatic medicines;

- g) Laryngitis;
- h) Meniere's Disease;
- i) Pharyngitis & Sinusitis;
- j) Clinical & Comparative Materia Medica of Otagia, Otitis Media;
- k) Tonsillitis: Look & Diagnose : Spot Diagnosis with comparative Materia Medica;
- l) Paediatric Problem : Worm Infestations;
- m) Common Acute Gastro-Intestinal Problems: Giardiasis, Food Poisoning, Acidity;
- n) Acidity (Acute): Comparative Materia Medica;
- o) Common Acute Nose Problem: Epistaxis; Polyps;
- p) Common Acute Problem: Headache with comparative Materia Medica;
- q) Common Acute Problem Chart (Schematic representation).

SESSION-8:

DAY-1:

CANCER: SCOPE OF HOMOEOPATHY AND POSSIBLE PALLIATIVE-ORGANOPATHIC SUPPORT:

- a) Cancer: Miasmatic Ancestral Tips;
- b) Clinical Tips on Organopathic medicines: as palliative support;
- c) Treatment of Cancer: Homoeopathic approach;
- d) Hiding, Deceiving and Ugly Nature of Malignant Disease;
- e) Aggressive nature of cancer cells;
- f) Advanced Cancer medicines;
- g) Terminal Cancer medicines: for palliative support;

DAY-2:

PSYCHIATRY INCLUDING MENTAL ESSENCE, COMMON CHARACTERS & GESTURE-POSTURE, KEY CHARACTERS OF POLYCHRESTS:

(A) Audio visual presentation of Mental Essence, diagnosing the medicine from gesture & postures.

(B) **Psychiatric disorders** and its scope of Homoeopathy; especially in drug dependent cases.

a) Common Personality Characters of Calciums, Kaliums, Natrums, etc.;

b) Anxiety: polychrests with minute differentiating points;

c) Insomnia;

d) Irritability;

e) Depression;

f) Comparative Materia Medica of different personalities;

g) Comparative Materia Medica with similarities and dissimilarities of Anxiety, Apathy, Depression, Grief;

h) Anticipation – Ailments from;

i) Gradual withdrawal of psychotropic drugs & possible input of Homoeopathy;

j) Emotional Theme : our Jealous medicines;

k) Fear, anger and its consequences;

l) Gesture & Posture : Postural & Behavioural Materia Medica;

m) Look – Hear – Observe & Diagnose;

n) Comparative Materia Medica of Emotional acutes;

SESSION-9:

DAY-1:

DERMATOLOGY: MIASMATIC APPROACH OF PRESCRIBING TO OPEN DRUG DEPENDENT CASES:

- a) Clinical Materia Medica with Miasmatics and comparative study through pictures of different types of warts;
- b) Alopecia/Hair Falling;
- c) Therapeutics of Eczema with comparative study through pictures of different eczematous lesions;
- d) Acne with comparative study through pictures of different acne manifestations;
- e) Psoriasis with comparative study through pictures of different psoriatic lesions;
- f) Pruritus Vulva;
- g) Ring Worm;
- h) Urticarias & Allergies;
- i) Insect Bites;
- j) Boils;
- k) Burns;
- l) Diseases of Nails with comparative study through pictures of different types of nails;

DAY-2:

CARDIO VASCULAR THERAPEUTICS:

- a) Blood Pressure: Comparative Materia Medica of Organopathic medicines to wean off the conventional chemicals ;
- b) Hypertension with raised Cholesterol: Comparative Materia Medica of Organopathic medicines to wean off the conventional chemicals;
- c) Angina Pectoris;
- d) Cardiac Dropsy;
- e) Cyanosis;
- f) Haemorrhage;
- g) Palpitation;
- h) Varicose Veins;

SESSION-10:

POLYCHRESTS: AN UNFORGETTABLE PICTURISED PERSONALITIES & CORE-CRITERIA PRESENTATION:

Clinical, Comparative, Gesture, Posture, Behavioural and Miasmatic Materia Medica with Dr. Banerjee's well acclaimed ***"Essence Triangle and Hexagons of Polychrests"***, ***summary picture and affinities of leading medicines.***

Repertories of Personality Profile, Miasm and Lesser known medicines of all the above therapeutics are taught extensively

The goal will be to enable the participant to confidently use the **Materia Medica, Miasm & Organon, in everyday practice and thereby prescribing on Qualitative and not Quantitative Totality** . There will be special emphasis on "Essence Triangle", and the 'sum-up core quality' of each remedy to boost your confidence in the Materia Medica. Approximately 300 medicines (including lesser known medicines) from Materia Medica and Clinical Therapeutics will be covered.

This course will develop your knowledge of lesser known medicines and miasmatic approach of prescribing. The emphasis is how to proceed with cases which have not responded sufficiently to the well selected medicine.

5. DURATION:

This course will develop your knowledge of lesser known medicines and miasmatic approach of prescribing. The emphasis is how to proceed with cases which have not responded sufficiently to the well selected medicine.

THIS PROGRAMME IS MODULAR; PARTICIPANT CAN JOIN FROM ANY SESSION AND COMPLETE IN 2 YEARS OR LESS

Hahnemann's Organon of Medicine explained, so it can be applied in management of cases.

2025:

Session-6:

27th & 28th March, 2025 (Thursday & Friday):-

- (a) GYNAECOLOGY & OBSTETRICS, AND
- (b) SCOPE OF MOTHER TINCTURES OF HOMOEOPATHIC INDIAN ESPECIALLY HIMALAYAN HERBS.

Session-7:

15th & 16th May, 2025 (Thursday & Friday):-

ACUTE PRESCRIBING, KEY POINTS FOR REMEDY COMPARISONS.

Session-8:

30th & 31st October, 2025 (Thursday & Friday):-

DAY-1:

CANCER: SCOPE OF HOMOEOPATHY AND POSSIBLE PALLIATIVE-ORGANOPATHIC SUPPORT.

DAY-2:

PSYCHIATRY INCLUDING MENTAL ESSENCE, COMMON CHARACTERS & GESTURE-POSTURE, KEY CHARACTERS OF POLYCHRESTS.

Session-9:

27th & 28th November, 2025 (Thursday & Friday):-

DAY-1:

DERMATOLOGY: MIASMATIC APPROACH OF PRESCRIBING TO OPEN DRUG DEPENDENT CASES.

DAY-2:

CARDIO VASCULAR THERAPEUTICS.

Session-10:

11th & 12th December, 2025 (Thursday & Friday):-

POLYCHRESTS: AN UNFORGETTABLE PICTURISED PERSONALITIES & CORE-CRITERIA PRESENTATION.

From 2026:

To give you increased flexibility, you will be able to watch each lecture through a series of pre-recorded video presentations at your own convenience.

This will allow each participant to adapt their studies around their own work/life schedule. There are no set times to watch or attend the lectures enabling each person to have the flexibility to organise their time around their studies at their own pace. Each recorded session will be available for unlimited viewing at your leisure time for a period of 6 to 8 weeks from your initial viewing.

New students can register and after payment, gain immediate access to the course website at any time.

Moreover, also included is Clinical Experience: Six live teaching clinics each year- An integral part of learning is clinical experience which is an opportunity to learn the practical prescribing with tutors and patient present. The clinic days have no less than 10 live patients per day.

These days are assigned, and you will be notified of the specific dates upon registration.

2026 Pre-recorded Sessions:

Session-1:

DAY-1:

(A) MODERN CLASSICAL PRESCRIBING;
(B) CASE TAKING & EVALUATION OF SYMPTOMS;

DAY-2:

MIASMATIC INTERPRETATION IN CHRONIC PRESCRIBING.

Session-2:

PAEDIATRICS INCLUDING NEONATOLOGY, LOOK & DIAGNOSE THE BABY.

Session-3:

NEUROLOGY WITH EMPHASIS ON GAIT, BODY LANGUAGE.

Session-4:

DAY-1:

UROLOGY; URO-GENITAL (MALE) DISORDERS & HOMOEOPATHY;

DAY-2:

THERAPEUTICS OF THE LESSER KNOWN MEDICINES INCLUDING SCOPE OF ORGANOPATHIC MEDICINES IN THIS DRUG – DEPENDANT WORLD.

Session-5:

RHEUMATOLOGY & HOMOEOPATHIC APPROACH IN DRUG DEPENDENT CASES, ESPECIALLY WHEN WELL SELECTED CONSTITUTIONAL REMEDY FAILS.

6. ESSEX VENUE:

Allen College Of Homoeopathy; “Sapiens”, 382, Baddow Road, Great Baddow, Chelmsford, Essex CM2 9RA. * Chelmsford is 35 minutes by train from London Liverpool Street.

7. STARTING TIME:

As it is a modular programme, so interested homoeopaths can join from any module and complete the course in following years.

Learn Materia Medica through gesture and postures of each drug personalities-the Behavioural Materia Medica.

8. PROGRAMME FEES:

GBP £960 per 5 sessions if paid in full, one month before the commencement of the programme. Payment can be made by instalments (with 10% surcharge for instalment payment). The total cost will be £1056 per year which can be paid in equal £352 x 3 instalments, [each to be paid one month prior to first three meetings of each year].

From 2026:

To give you increased flexibility, you will be able to watch each lecture through a series of pre-recorded video presentations at your own convenience. Each recorded session will be available for unlimited viewing at your leisure time for a period of 6 to 8 weeks from your initial viewing.

Moreover, also included is Clinical Experience: Six live teaching clinics each year- An integral part of learning is clinical experience which is an opportunity to learn the practical prescribing with tutors and patient present. The clinic days have no less than 10 live patients per day.

Any Homoeopathic diplomate or graduate can attend any of the session as individual modules. Cost £ 210 for two days.

In past, we have had several participants, who have repeated the entire Post Graduate Programme again. To such candidates, we will offer a 10% discounts from the course fees.

The course fees are reviewed once a year, generally in January. Fees are subject to change without notice.

9. LECTURE HANDOUT:

Extensive lecture handout of each topic will be provided.

10. CERTIFICATION:

Upon completion and submission of a thesis of an assigned topic you will be awarded a **Certificate of Completion and P. G. Hom. (the Post Graduate Diploma) by the Allen College of Homoeopathy for this Advanced Post Graduate Programme.** The teaching of Dr. Banerjea is accredited by many academies of Europe, Australia and of the United States.

11. ACCREDITATION:

The Allen College is fully recognised by the Independent Homoeopathy Accreditation (IHA) and by N.V.K.H (The Netherlands).

12. CONFIRMATION & ADVANCE DEPOSIT:

For registration, complete the Application Form and please state details of your Homoeopathic experiences along with the (i) full fees OR (ii) first instalment of your programme fees, please.

13. ELIGIBILITY:

The eligibility of our Post Grad course is generally a recognised Under Graduate qualification.

During each session at least 60 to 80 medicines will be compared. Subrata's expertise are Comparative Materia Medica & Miasmatic interpretation in prescribing.

If you like to view Dr. Banerjea's style of lectures, please visit our Video Gallery in the following link :-
